

Rotary has sponsored Town in Bloom (TIB), a community beautification program for more than 15 years. Although our major effort at the Rt. 50 intersection has been replaced by Stewarts's beautiful landscaping, we continue our gardens throughout our community. They greet you at the library, Town Hall, the north and south Rt. 50 entrances to our town and the many flower barrels around our community. Our program also supports the Veterans Garden at the bike path, and the Jenkins Park garden at its entrance.

We owe a special debt of gratitude to the Town Maintenance Department for watering these sites.

We need community support to sustain Town in Bloom.

In the past, many donations have been received—both small and larger— but all have been so important. We need this support to continue planting.

If you can help with funding, please send a donation payable to "BHBL Rotary (TIB)", and mail it to PMB146, 690 Saratoga Rd., Burnt Hills, NY 12027.

Thank you, and enjoy our flowers.

BHBL Rotary

Special Note:

We will sponsor a flu shot clinic at the Town of Ballston Town Hall on September 16 from 6:pm—8:30pm. You will need to bring your insurance card. (almost all companies provide 100% coverage)
